

Please do not follow your GPS! It will lead you to a “non RV friendly” gate where you won’t be able to get through and turning around will be difficult. Please follow these directions!

From Hwy 20, north of Oak Harbor, turn onto Ault Field Rd. Enter the air station by turning right at the Charles Porter gate (first stoplight intersection is with Goldie Road). Charles Porter is the only gate accessible to RVs.

Travel along Charles Porter Ave until you reach Midway St, which is approximately 1 mile from the gate and just past the Skywarrior Theater. Look for the large Electronic Reader Board just past theater, and turn left after that onto Midway (there's no signal here). In approximately 1/2 mile, you'll reach a T-intersection with Saratoga St. Turn right and head north on Saratoga. Continue to the next intersection and turn left onto Intruder St. Follow Intruder St. around the curve and take the second right into the "South Loop". The check-in office is in the South Loop.

---- SUGGESTION: If you have a reservation, call the office before you arrive and find out your RV site number. There are a few areas on Intruder St. to pull over and unhook if you are towing a vehicle. There's no room to park a large vehicle at the office. As an alternative, if you know your site number, you can go directly to your site and then walk over to the office to check-in. RV sites 1-26 are in the North Loop. RV Sites 27-59 are in the South Loop.
